Please Continue to Pray for Our Seminarians and for Vocations

Please continue to for our seminarians and for vocations to the priesthood and all religious communities of men and women. We are truly blessed to have three young men from our Eparchy of Saskatoon who are studying in preparation for priesthood. All three of our seminarians continue their studies at Holy Spirit Ukrainian Catholic

Seminary in Edmonton, AB. Please pray for Ivan, Jonathan and Matthew, and all the seminarians, as they continue with their studies for the priesthood.

LORD of the Harvest,

BLESS young people with the gift of courage to respond to your call. Open their hearts to great ideals, to great things.

INSPIRE all of your disciples to mutual love and giving— for vocations blossom in the good soil of faithful people.

INSTILL those in religious life, parish ministries, and families with the confidence and grace to invite others to embrace the bold and noble path of a life consecrated to you.

UNITE us to Jesus through prayer and sacrament, so that we may cooperate with you in building your reign of mercy and truth, of justice and peace. Amen.

— Pope Francis -Adapted from the Message on the 51st World Day of Prayer for Vocations.

SEASON OF CREATION

From the Office of Human and
Environmental Development Program
- Dr. Lesya Sabada, Coordinator

An Eastern Christian Point of View on the Season of Creation

"Where there is no vision, the people will perish" Proverbs 29:18

The ecological vision of the Eastern Church is grounded in the Biblical and Patristic understanding of the interrelation and reciprocity outlined in the five main points below:

- 1) Creation is an ecological order involving unity, diversity, interdependence, hierarchy, and harmony.
- 2) Human nature is both integrally part of the order of creation, and at the same time, there is something in our nature - our Divine image – that transcends the created order, making us both responsible for creation as priests and stewards and dependent upon it in our kinship with all life.
- 3) The nature of the relationship of human nature with the order of nature is one of dynamic reciprocity; that is, what humans are and what humans do is central to sustaining or the destruction of order and harmony in nature.
- 4) Metanoia – change of heart followed by a change of life is key to all earth keeping and care for creation. If human nature is integral to the order of nature, then disorder in nature can be restored only by order in human beings.
- 5) The human energy that creates, sustains, and restores order in nature is the energy of sacrificial love, grounded in *asceticism* – self-discipline.
